

Random numbers are 1, 8, and 20. Don't get confused by a negative number -101.

The largest table number without taking into account units is below.

Not big number	Bigger Number	Biggest Number
1	102	1000

A typical units table:

(Dollars in Millions)	FY 24	FY 25
Revenue	10.1	12.1

Biggest number with comma: \$1,001. What about 1,000.1
